

**SAHMASONS
LIMITED**

COMPANY PROFILE

Founded in 2009, Samson's Limited is registered as a global exporter of a wide range of agricultural produce like fresh fruits, vegetables, nuts and flowers, including coffee and tea. In 2011, we started operations under the supervision of Kenya Plant Health Inspectorate Service (KEPHIS). We strive to become an industry leader as well as a market-driven organization that is noted for safe, fresh, and high-quality produce.

We achieve our quality through a rigorous selection of farms and partner suppliers who share our vision of affordable quality, as well as our insistence on operating a short supply chain; a dedicated and ultra-efficient logistics system, and a brand new, state-of-the-art storage facility that underscores our commitment to fast, fresh delivery.

MISSION & VISION

VISION

To become the leading exporter for agricultural produce in the world.

OUR MISSION

We believe that integrity, trustworthiness and honesty are integral to who we are as a company, and so, we insist that at every stage of what we do, we work in partnership with our suppliers,. We insist on 'Fair Trade' principles and ethical business practices that support even the.

SOCIAL CORPORATE RESPONSIBLITLY

Our farming practices lay the foundation for the protection of scarce resources by the implementing Good Agricultural Practices which promise a sustainable future.

CREALS

Efficiency

We are always striving to find the correct solutions to the needs and expectations of our customer.

We will always try to avoid wasting time by constantly streamlining, shortening and simplifying processes.

OUR PROCESS

GROWING

Our farming practices are grounded on the Global Good Agricultural Practices (GlobalGAP). GAP guarantee's consumer safety, environmental conservation and social welfare. Before planting, we test our soils to ensure they have the right ingredients, use certified seeds, ensure the water we use is clean and free from harmful heavy metals. We use approved and recommended measures in

pest and disease control to ensure our farms should be free of pests and diseases.

PACKAGING

The export produce is sorted at an audited packaging facility. We are committed to the HACCP system and the BRC Code of practice to ensure that the requirements for exporting safe, and quality produce are met and exceeded at all times. We have a fully established vegetable freezing line and a wide range of high quality tropical fruits, packed and processed in our custom built fruit processing facilities.

TRANSPORTING

We deliver in accordance with customer specifications through reliable and timely delivery.
